Headteacher: Mr E J Savage

Dear parents and carers

Firstly, I would like to thank you for your understanding regarding the school closure tomorrow, Wednesday 6<sup>th</sup> March. The school is in the hands of the engineers now as we try to find the source of the water leak. We have seven areas in the corridors around the main office where water is coming through the carpet. At lunchtime today, it came through the kitchen.

There is potential for the water to remain off on Thursday. I have been in discussion with Norfolk County Council Health and Safety and we would be able to open the school without mains water, a contingency plan is in place whilst the water remains off.

Should the water be off, Year 5 and 6 will use the new Year 6 Block toilets as these are on a separate water main. For Year 3 and 4 we will get a bank of portable toilets placed on the lower school playground by the car park fence. For washing hands, we have purchased lots of hand sanitiser which will be available in all toilets. Bottled drinking water will be available if the children need it, however we would appreciate if you could ensure your child has a full water bottle at the beginning of the day.

Norse will still provide hot food, cooked at Angel Road Junior and delivered to us as the advertised menu choice with a cake dessert. We will need to use disposable plates and disposable cutlery for this meal.

There is potential for disruption in the corridors surrounding the main office which we will manage by closing the areas off to pupils if required.

If there is any change in our situation and we need to remain closed on Thursday on engineer advice, we will let you know at the earliest opportunity by text message.

Thank you for your continued support.

Yours faithfully

E J Savage
